INDEX TO VOLUME XLVIII

Adrenal gland, Congenital syphilis of the 1
Angina agranulocytica and its treatment 339, 349
Atrophy, acute yellow, Diet in preventing, during arsphenamine treatment 131

Bacteria, acid-fast. Their relation to disease and the need for more knowledge 143
Baker, Benjamin M. Jr., and Edward P. Carter, Certain aspects of syphilitic cardiac disease 315
Blackman, Sam S., J. Howard Brown and Geoffrey Rake, The production of acute nephritis by means of a pneumococcal autolysate 74
Book Reviews and Books Received 48, 105, 181, 254
Brenn, Lena, and J. Howard Brown, A method for the differential staining of gram-positive and gram-negative bacteria in tissue sections 69
Bridge, Edward M., and L. V. Iob, The mechanism of the ketogenic diet in epilepsy ... 373
Brown, J. Howard, and Lena Brenn, A method for the differential staining of gram-positive and gram-negative bacteria in tissue sections 69
Brown, J. Howard, Sam S. Blackman and Geoffrey Rake, The production of acute nephritis by means of a pneumococcal autolysate 74

Carter, Edward P., and Benjamin M. Baker, Jr., Certain aspects of syphilitic cardiac disease 315
Cell surfaces, A new stain for 104
Chesney, Alan M., and Thomas B. Turner, Studies in experimental syphilis. IX. The distribution of the resistant state of "immune rabbits." 90
Craven, E. B., Jr., The importance of diet in preventing acute yellow atrophy during arsphenamine treatment 131
Cunningham, R. S., and Edna H. Tompkins, The cells found in tuberculous tissues as demonstrated by vital and supravital staining 8

Dandy, Walter E., Treatment of hemicrania (migraine) by removal of the inferior cervical and first thoracic sympathetic ganglion 357
Di-Hydranol, Control of intestinal putrefaction in man by oral administration of 2-4-dihydroxyphenyl n-heptane 25

Eastman, N. J., and C. M. McLane, II. The lactic acid content of umbilical cord blood under various conditions 261
Egg, A human tubal, unfertilized 368
Epilepsy, The mechanism of the ketogenic diet in 373

Feirer, William A., and Veader Leonard, Di-hydranol. Control of intestinal putrefaction in man by oral administration of 2-4-dihydroxyphenyl n-heptane 25
Firor, Whitmer B., and Charles A. Waters, Roentgenotherapy of angina agranulocytica 349
Fite, George Liddle, Congenital syphilis of the adrenal gland 1
Friedenwald, Jonas S., and Mary L. Small, A new stain for cell surfaces 104

Grafflin, Allan L., The structure of the renal tubule in the toadfish..... 269
Gram-Positive and gram-negative bacteria in tissue sections, A method for the differential staining of..... 69
Guild, Harriet G., The prognosis of acute glomerular nephritis in childhood..... 193

Hamburger, Louis P., Angina agranulocytica and its treatment..... 339
Hemicrania (Migraine) Treatment of, by removal of the inferior cervical and first thoracic sympathetic ganglion..... 357
Hyperthyroidism, A study of the morbid anatomy of hearts from patients dying with..... 273

Iob, L. V., and Edward M. Bridge, The mechanism of the ketogenic diet in epilepsy... 373

Leonard, Veader, and William A. Feirer, Di-hydranol. Control of intestinal putrefaction in man by oral administration of 2-4-dihydroxyphenyl n-heptane..... 25
Lewis, J. K., and Donald McEachern, Persistence of an accelerated rate in the isolated hearts and isolated auricles of thyrotoxic rabbits: response to iodides, thyroxine and epinephrine..... 228
Lewis, Warren H., The outgrowth of endothelium and capillaries in tissue culture..... 242
Lewis, Warren H., A human tubal egg, unfertilized..... 368

Marble, Alexander, Carcinoma of the stomach in a seventeen-year-old girl..... 39
McEachern, Donald, and J. K. Lewis, Persistence of an accelerated rate in the isolated hearts and isolated auricles of thyrotoxic rabbits: response to iodides, thyroxine and epinephrine..... 228
McEachern, Donald, and Geoffrey Rake, A study of the morbid anatomy of hearts from patients dying with hyperthyroidism..... 273
McLane, C. M., and N. J. Eastman, II. The lactic acid content of umbilical cord blood under various conditions..... 261

Nephritis, acute, The production of, by means of a pneumococcal autolysate..... 74
Nephritis, acute glomerular, The prognosis of, in childhood..... 193

Organism, acid-fast, Biological studies of the..... 390
Ovulation in the rabbit, The effect of the injection of urine from pregnant mammals on..... 362

Petroff, S. A., and William Steenken, Jr., Biological studies of the acid-fast organism.. 390

Rake, Geoffrey, Sam S. Blackman and J. Howard Brown, The production of acute nephritis by means of a pneumococcal autolysate..... 74
Rake, Geoffrey, On the pathology and pathogenesis of scleroderma..... 212
Rake, Geoffrey, and Donald McEachern, A study of the morbid anatomy of hearts from patients dying with hyperthyroidism..... 273
Renal tubule, The structure of the, in the toadfish..... 269

Scleroderma, On the pathology and pathogenesis of..... 212
Sino-auricular node and the atrio-ventricular node, On the boundaries of the, in the human heart..... 162

Small, Mary L., and Jonas S. Friedenwald, A new stain for cell surfaces..... 104
Snyder, F. F., and G. B. Wislocki, The effect of the injection of urine from pregnant mammals on ovulation in the rabbit..... 362
Steenken, William Jr., and S. A. Petroff, Biological studies of the acid-fast organism... 390
Stomach, Carcinoma of the, in a seventeen-year-old girl..... 39
Sympathetic nervous system, A search for trophic influence of the, on the adult mammalian skeletal muscle fiber..... 115
Syphilis, experimental, Studies in, IX. The distribution of the resistant state in "immune rabbits"..... 90
Syphilitic cardiac disease, Certain aspects of..... 315

Taussig, Helen B., On the boundaries of the sino-auricular node and the atrio-ventricular node in the human heart..... 162
Thyrotoxic rabbits, Persistence of an accelerated rate in the isolated hearts and isolated auricles of: response to iodides, thyroxine and epinephrine..... 228
Tissue culture, The outgrowth of endothelium and capillaries in..... 242
Tompkins, Edna H., and R. S. Cunningham, The cells found in tuberculous tissues as demonstrated by vital and supravital staining..... 8
Tower, S. S., A search for trophic influence of the sympathetic nervous system on the adult mammalian skeletal muscle fiber..... 115
Tuberculous tissues, The cells found in, as demonstrated by vital and supravital staining..... 8
Turner, Thomas B., and Alan M. Chesney, Studies in experimental syphilis. IX. The distribution of the resistant state in "immune rabbits"..... 90

Umbilical cord blood, II. The lactic acid content of, under various conditions..... 261

Waters, Charles A., and Whitmer B. Firor, Roentgenotherapy of angina agranulocytica..... 349
White, William Charles, Acid-fast bacteria. Their relation to disease and the need for more knowledge..... 143
Wislocki, G. B., and F. F. Snyder, The effect of the injection of urine from pregnant mammals on ovulation in the rabbit..... 362
